### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

The advisory action is withdrawn according to the interview summary filed on June 27, 2006.

Independent claims 3, 5, 6, 10, 11 and 14 are allowable over the prior art of record. Claims 2, 4, 7-8, 12-13, 15-20 depend from claims 3, 5, 6, 10, 11 and 14 respectively, therefore, are allowed.

Independent claims 3, 5, 6, 10, 11 and 14 recite the limitations of :multiplying image signals of each pixel in an input color image by set coefficients to detect pixels having multiplied image signals in the vicinity of a blackbody locus curve of skin color as skin color; and assigning an average obtained from the candidate pixels to a predetermined density of a color on a print in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest references of US 5168303 to IKenoue et al. and US 6545710 to Kubo et al. do not teach the limitations of cited above.

In view of the amended claims and the Applicant's arguments , the double patenting and the 103 rejections to claims 3-8 and 11-14 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
